

# Food transport trolley

## Metos Thermobox EE360

The Metos Thermobox EE360 food transport trolley is an efficient solution for heat storage and transportation of warm food. The trolley has two cabinets side-by-side. The trolley's patented membrane resistance heating and precise electronic temperature control ensure safe and high-quality conditions for storage and transportation of warm food. The E-trolley keeps the temperature at the desired level with minimal temperature fluctuations. The temperature control unit is located at the top of the trolley and has a large digital temperature display.

The trolley is insulated with polyurethane, which expands under high pressure and unites the trolley's construction and the inner chambers into a strong and well-insulated unit. The trolley's energy-efficient insulation ensures safe and high-quality conditions for storage and transport of food.

The trolley can be used in small spaces. The trolley is easy to clean as its inside is completely made of stainless steel and has pressed GN guides without any joints. Large rubber wheels as well as bumpers and ergonomic handles around the stroller make the stroller easy to handle and light. The robust door can be opened comfortably by pulling the handle, which is integrated in the frame. The door opens to the side, 270 degrees.

- the capacity is 12xGN1/1, inner dimension: 330x540x1000 mm
- + 12xGN1/1 , inner dimensions: 330x540x1000 mm, guide distance 80 mm
- temperature range: +40°C...+90°C
- four hot-dip galvanized steel 160mm wheels with rubber tires, two swiveling with brakes and two fixed without

#### brakes

- the wheel bracket is made of hot-dip galvanized steel
- the exterior of the red trolley is made of ABS plastic
- stainless steel handle and PVC plastic corner
- the bumper is made of galvanized steel and coated with PVC plastic
- Shuko connector connection, 1,5-2 m spiral cord and holder for plug

#### Accessories(charged separately):

- truck tow bar
- door with window
- two extra handles
- address card holders A4, A5, A6
- Ø200 mm wheels, two directionally locked and two with brake
- terrain wheels
- blue or black color without extra price, own color, image or logo for extra price
- central brake brakes
- the wheel bracket is made of hot-dip galvanized steel

## Food transport trolley Metos Thermobox EE360

Product capacity	12+12 x GN 1/1-65
Capacity	24 x GN 1/1-65
Inside measures mm	330x540x1000
Item width mm	930
Item depth mm	700
Item height mm	1355
Package volume	1.026
Unit of volume	m3
Package volume	1.026 m3
Package length	97
Package width	75
Package height	141
Package unit of dimension	cm
Package dimensions (LxWxH)	97x75x141 cm
Net weight	120
Net weight	120 kg
Gross weight	121
Package weight	121 kg
Unit of weight	kg
Connection power kW	1.6
Connection voltage V	230
Number of phases	1NPE
Frequency Hz	50
Protection rating (IP)	55
Electrical cable length mm	1500
Type of electrical connection	Plug
Remarks (electrical)	connection power 0,8+0,8 kW
Hinge location	right
Cleaning	hand wash

## Food transport trolley Metos Thermobox EE360

Function	warm
GN size	1/1
Temperature area °C	+40°C...+90°C
Features	30 kg per pair of guides
Rail distance mm	80
Number of chambers	2
Power range kW	1.6
Max load kg	216
Color	red
