

Food transport trolley

Metos Thermobox FF240

Metos Thermobox FF240 food transport trolley is an efficient solution for heat storage and transportation of warm food. The trolley has two cabinets side-by-side. The heating cabinet's hot air fan ensures safe and high-quality conditions for storage and transportation of warm food. The convection heat in the F-model reacts faster than the E-model to temperature changes and it is worth choosing whether e.g. the door is opened repeatedly during storage. The temperature control unit for the heating cabinet is located at the top of the trolley and has a large digital temperature display.

The trolley is insulated with polyurethane, which expands under high pressure and unites the trolley's construction and the inner chambers into a strong and well-insulated unit. The trolley's energy-efficient insulation ensures safe and high-quality conditions for storage and transport of food.

The trolley can be used in small spaces. The trolley is easy to clean as its inside is completely made of stainless steel and has pressed GN guides without any joints. Large rubber wheels as well as bumpers and ergonomic handles around the trolley make the stroller easy to handle and light. The robust doors can be opened comfortably by pulling the handles, which are integrated in the frame. The door opens to the side, 270 degrees.

- the capacity is 8xGN1/1 + 8xGN1/1, inner dimension: 330+330x540x670 mm, guide distance 80 mm
- temperature range: +40°C...+90°C
- four hot-dip galvanized steel 160mm wheels with rubber tires, two swiveling with brakes and two fixed

without brakes

- the wheel bracket is made of hot-dip galvanized steel
- the exterior of the red trolley is made of ABS plastic
- stainless steel handle and PVC plastic corner
- the bumper is made of galvanized steel and coated with PVC plastic
- Shuko connector connection, 1,5-2 m spiral cord and holder for plug

Accessories(charged separately):

- truck tow bar
- door with window
- two extra handles
- address card holders A4, A5, A6
- Ø200 mm wheels, two directionally locked and two with brake
- terrain wheels
- blue or black color without extra price, own color, image or logo for extra price
- central brake without brakes
- the wheel bracket is made of hot-dip galvanized steel

Food transport trolley Metos Thermobox FF240

Product capacity	8+8 x GN 1/1-65
Capacity	16 x GN 1/1-65
Inside measures mm	330x540x670
Item width mm	930
Item depth mm	770
Item height mm	1215
Package volume	0.986
Unit of volume	m3
Package volume	0.986 m3
Package length	97
Package width	82
Package height	124
Package unit of dimension	cm
Package dimensions (LxWxH)	97x82x124 cm
Net weight	110
Net weight	110 kg
Gross weight	111
Package weight	111 kg
Unit of weight	kg
Connection power kW	1.1
Fuse Size A	10
Connection voltage V	230
Number of phases	1NPE
Frequency Hz	50
Protection rating (IP)	55
Electrical cable length mm	1500
Type of electrical connection	Plug
Remarks (electrical)	connection power 2x0,55 kW
Hinge location	right

Food transport trolley Metos Thermobox FF240

Cleaning	hand wash
Function	warm
GN size	1/1
Temperature area °C	+40°C...+90°C
Features	30 kg per pair of guides
Rail distance mm	80
Number of chambers	2
Max load kg	144
Color	red
