

Food transport trolley

Metos Thermobox F150

Metos Thermobox F150 food transport trolley is an efficient solution for heat storage and transportation of warm food. The heating cabinet's hot air fan ensures safe and high-quality conditions for storage and transportation of warm food. The convection heat in the F-model reacts faster than the E-model to temperature changes and it is worth choosing whether e.g. the door is opened repeatedly during storage. The temperature control unit for the heating cabinet is located at the top of the trolley and has a large digital temperature display.

The trolley is insulated with polyurethane, which expands under high pressure and unites the trolley's construction and the inner chambers into a strong and well-insulated unit. The trolley's energy-efficient insulation ensures safe and high-quality conditions for storage and transport of food.

The trolley can be used in small spaces. The trolley is easy to clean as its inside is completely made of stainless steel and has pressed GN guides without any joints. Large rubber wheels as well as bumpers and ergonomic handles around the stroller make the stroller easy to handle and light. The robust door can be opened comfortably by pulling the handle, which is integrated in the frame. The door opens to the side, 270 degrees.

- the capacity is 10xGN1/1, inner dimensions: 330x540x830 mm, guide distance 80 mm
- temperature range: +40°C...+90°C
- four hot-dip galvanized steel 160mm wheels with rubber tires, two swiveling with brakes and two fixed without brakes
- the wheel bracket is made of hot-dip

galvanized steel

- the exterior of the red trolley is made of ABS plastic
- stainless steel handle and PVC plastic corner
- the bumper is made of galvanized steel and coated with PVC plastic
- Shuko connector connection, 1,5-2 m spiral cord and holder for plug

Accessories(charged separately):

Food transport trolley Metos Thermobox F150

Product capacity	10 x GN 1/1-65
Capacity	10 x GN 1/1-65
Inside measures mm	330x540x830
Item width mm	525
Item depth mm	770
Item height mm	1180
Package volume	0.585
Unit of volume	m3
Package volume	0.585 m3
Package length	58
Package width	82
Package height	123
Package unit of dimension	cm
Package dimensions (LxWxH)	58x82x123 cm
Net weight	61
Net weight	61 kg
Gross weight	62
Package weight	62 kg
Unit of weight	kg
Connection power kW	1
Fuse Size A	6
Connection voltage V	230
Number of phases	1NPE
Frequency Hz	50
Protection rating (IP)	55
Electrical cable length mm	1500
Type of electrical connection	Plug
Hinge location	right
Cleaning	hand wash

Food transport trolley Metos Thermobox F150

Function	warm
GN size	1/1
Temperature area °C	+40°C...+90°C
Features	30 kg per pair of guides
Rail distance mm	80
Number of chambers	1
Max load kg	90
Color	red
