

Condensing unit Metos WD-6CW and Heat exchanger

Heat exchanger

- state of the art solution with minimum loss to drain
- saves approximately 34% energy or 0.11 kWh per basket

Steam condensing unit

- improves the room temperature and working environment
 - reduces the need for external ventilation and ideal for areas with poor external extraction
 - saves approximately 9% of energy or in combination with heat exchanger 0.13 kWh per rack
 - Improves the drying result and easy to clean
 - the dishwasher is connected to cold water.
-
- Incl. drain pump, Not in combination with WD-PRM6/7
 - total with WD6 12,9kw , 25A
 - Order with WD6 machine from factory
