

Rice cooker Metos Tiger JNO-B36W

The rice cooker Metos Tiger JNO-B36W is made to withstand continuous, hard use. The insulated, double-walled structure ensures a smooth, perfect cooking result for the rice. When the rice is ready, the appliance automatically switches to the warm keeping function, keeping the rice warm and moist, ready to be served. Rice cooker Metos Tiger JNO-B36W has a capacity of 3.6 liters of raw rice. The rice cooker has a lid that opens with a handy push button. When the lid is opened, the moisture accumulated in it drains into a separate drip tank, which prevents water from dripping onto the table. The removable lining of the lid together with the non-stick surface of the bowl facilitates cleaning the appliance. The rice cooker can be used to cook white, brown or jasmine rice. It can be also used to make porridge.

- capacity 3.6 l of raw rice
- warm keeping function
- non-stick surface in rice bowl
- outer surface in stainless steel

DELIVERY INCLUDES:

- measuring cup
- paddle

Rice cooker Metos Tiger JNO-B36W

Product capacity	3,6 L
